Dear Mr. Newell

I send you enclosed for the collecting of the A.N. Soc. a strike of the medal commemorating the opening on Nov. 12/28 of the 2nd vehicular tunnel between Canal St. N.Y.C. & 12th St. Jersey City (popularly referred to as the Holland Tunnel) built by the N.Y. State Bridge or Tunnel. I am a member.

The March 23 "Numismatic" interested me: I found it here in my recent return from Florida. I am surprised that you had as many as 21 members of the Soc. present at the annual meeting in so far off a foreign country as the Society's Museum; personally I very much regret as a life member of your Society and deeply interested in Numismatics on account of the relations of coins etc. to Art & History, not to be able to reach your isolation of the Soc. This was hoped that the Society at Anderson Park after Mr. Hunter's death will return to Civil War; Mr. Huntington is a well intentioned Bull in a Chin Shop. he has given several Societies a dose & kicked them into innumerable desuetude at the same time. The geographical Society has had to come back to civilization for its lectures - a fortunate event. I suppose that the members of the Society referred to on p. 161 of the Numismatic thought that it was quite as easy to reach Wisconsin (is that the location referred to) as the location of your present Museum. My best regards - very sincerely yours

McDargall Hawkes
